

SUMMIT SERIES

ROOFING SYSTEMS

The Summit Series panel is a concealed fastener metal wall panel. While primarily designed for horizontal applications, it can also be installed vertically to give a distinguished architectural design. This panel provides interesting shadow lines, enhancing the aesthetics of the panel. It has consistent joint detailing and can accommodate a variety of wall assembly designs.

CLOSE UP VIEW OF SUMMIT SERIES PANELS

Elevation, Pinnacle, and Summit Series panels are interchangeable with the **Proprietary WaardLok Fastening System**. It is designed to guard against wind-driven rain and wind uplift.
